I am a final year IT student who is a very hard worker and always find easy ways of solving problems. I am a person who focuses more on finding solutions instead of more problems. I have the ability to overview and manage complex tasks and the ability to motivate and coach a team in order to achieve the desired goal. I am also a team player who can work with people from different cultural backgrounds. I am also part of the Golden Key International Society.

**Vision-** To advance my IT skills in order to benefit and help my community.
